KC0600 SERIES
COMMERCIAL KEY CABINETS

KC0607K

KC0604E

KC0603K

THE PHOENIX KC0600 SERIES COMMERCIAL KEY CABINETS are a series of high quality Key Cabinets ranging from 42 hook up to 600 hook units

- **LOCKING** – **KC0600K** – Manufactured with a high quality cylinder lock supplied with 2 keys. **KC0600E** – Fitted with a high quality electronic code lock, programmable with users own 4 digit code which can easily be changed when required. **KC0600N** – Fitted with the NetCode 1000 lock allowing temporary access to the cabinets via the web-based NetCode Portal. NetCode is activated prior to the lock owner shipping and installing at a remote site. The NetCode Portal allows you to register and set up your account, activate your locks and generate time-sensitive codes. Using time-sensitive codes is a more secure way to grant access as the code will not work outside a designated timeslot. Generated codes can be sent by email or SMS to any email account or mobile phone.
- **SPECIAL FEATURES** – Each unit comes with adjustable hook bars and number labels to suit. The 400 and 600-hook units are double door cabinets.
- **FIXING** – The cabinets have pre-drilled fixing holes for wall mounting.
- **FINISH** – Finished in a high quality durable powder coated finish.

FEATURES

- Key and electronic lock options
- Pre-drilled fixing holes for wall mounting
- Adjustable hook bars with number labels
